

The Organizing Committee of the International Society of Trace Element Research in Humans (ISTERH) announces the:

**IX ISTERH Conference**  
**RIXOS Premium Hotel, Belek (Antalya), Turkey**  
**16-21 October 2011**

Abstracts are welcomed for all aspects of trace element research relevant to human health: nutrition, diet, public health, disease, toxicity, environment, biochemistry, molecular biology, analysis, speciation & modeling.

The hotel venue is: <http://www.rixos.com>. Details on room prices with super all inclusive food & drink, airport transfer, excursion (Side) and pre- and post conference tours (historic Antalya, Istanbul) and ISTERH membership will be on the new website [www.isterh.com](http://www.isterh.com).

If you would like to propose a symposium/talk, contact Jeanne Freeland-Graves, [jfreelandg@yahoo.com](mailto:jfreelandg@yahoo.com); to participate on the planning committee, Ole Andersen, [oa@ruc.dk](mailto:oa@ruc.dk).
